

EAST IN GRASP OF TERRIFIC STORM

IMPERIALISTS
ORDERED TO BEGIN
THE ATTACK

SHANGHAI, Jan. 5.—The imperial government in Peking has sent orders to all the generals in command of the Imperial troops that they are to resume hostilities at 8 o'clock on the morning of January 6 unless they receive notification in the meantime that the armistice between the two forces has again been renewed.

This step has been taken, it is assumed, as a result of the refusal of the revolutionists to continue the negotiations with the Peking authorities by telegraph in accordance with the demand of Premier Yuan Shi Kai. Telegraphic negotiations are regarded by both Dr. Sun Yat Sen and Wu Ting Fang as unsatisfactory.

President Sun Yat Sen yesterday instructed Dr. Wu Ting Fang to telegraph to Premier Yuan Shi Kai at Peking asking him to come to Shanghai and negotiate personally with the president of the new republic.

GRAND JURY IS
GETTING FACTS

Frank Eckhoff of Cincinnati, intimate friend of John J. McNamara for years, appeared at the federal grand jury chamber yesterday. R. H. Johnson, manager of the street railway lines, at Peoria, Ill., also came in answer to a subpoena and both men are assumed to have related details of various dynamite explosions now being investigated by the government.

District Attorney John D. Fredericks, of Los Angeles county, California, said yesterday he expected the California evidence in the alleged conspiracy to reach here today. It is said to relate chiefly to the trip confessedly made by Orville E. McManigal from Indianapolis to Los Angeles, at the direction of John J. McNamara to blow up the Llewellyn Iron works.

McManigal is enroute here in charge of detectives and is expected to arrive today to affirm his several confessions.

J. H. Roberts and wife of Reno are registered at the Mizpah hotel.

Thousands of Messages Are Held Up
As Telegraph Lines Are Down.Communication In Every Direction Is
In Badly Crippled Condition.

CHICAGO, Jan. 5, 3 p. m.—One of the greatest storms in the history of the country is now raging east of this city. All of the telegraph wires of the Western Union and Postal Telegraph companies are down and over two thousand messages are held up. The storm began last night at 11:30 and has continued with wind and snow since. At this hour the thermometer is reported below zero at Milwaukee and much suffering is reported and many deaths have occurred. Train service has been tied up for the past few hours, but this will not remain long. Linemen are refusing to go out until the weather abates. This is the coldest weather in years.

All Cold Weather
Records Broken

RENO, Nev., Jan. 5.—All cold weather records were broken in Nevada last night. The official thermometers gave 22 below zero at Elko; 34 below at Winnemucca, and 25 below at Deeth. The cold wave was broken in these localities today with a temperature at 29 above zero.

A. J. AYLESWORTH
QUITS MANAGEMENT
OF THE MAJESTIC

BEGINNING NEXT SUNDAY MANAGEMENT WILL BE IN HANDS OF C. O. DAVIS.

RENO, Jan. 5.—Beginning next Monday the management of the Majestic theater will be in the hands of C. O. Davis, owner of the Wigwam. Yesterday afternoon the deal was consummated whereby the Aylesworth interests in the local theater were taken over by Mr. Davis, who bought a big majority of the stock. Mr. Aylesworth will still retain the Goldfield and Tonopah theaters, which will be run entirely independent of the Majestic.

"I intend to do everything possible to give the people the best there is in the way of entertainment," said Mr. Davis. "I shall begin by lighting First street from Virginia to the theater, and will make it the most brilliantly illuminated block in Nevada. I shall try to see to it that every road show that it is possible to obtain is booked for Reno, and on the nights not taken by those shows we shall run vaudeville on the same order as that of the Wigwam. I shall continue to run both theaters, and tickets will be good in either house on vaudeville night."

Mr. Davis is an aggressive manager and has made a signal success of the Wigwam, and it is the general belief that the Majestic will prosper in his hands.

Mr. Aylesworth will joint the attractions he has now on the road and has plans for producing several more in the near future. He will still control the Goldfield and Tonopah houses and will see to it that they have as many bookings as possible. He expects to leave Reno some time next week, but will return here from time to time.

WILL REDUCE THE
TARIFF ON STEEL

WASHINGTON, Jan. 5.—A bill making a general reduction from 30 to 35 per cent on all steel and iron duties of the present Payne-Aldrich tariff law was agreed on by a house ways and means subcommittee yesterday. The bill would add to the free list carpenters' tools and other articles of ordinary use among consumers.

The subcommittee which has been at work on the draft of the bill consists of Representative Dixon of Indiana, Palmer of Pennsylvania and Pull of Tennessee.

They will report to the full democratic membership of the ways and means committee with the expectation of early introduction of the measure.

TEDDY IS NOT
TO BE ATTACKED

WASHINGTON, Jan. 5.—Word was sent broadcast to supporters of President Taft that under no circumstances would the president countenance attacks on Colonel Theodore Roosevelt, no matter what the ultimate intention of Mr. Roosevelt in regard to the republican presidential nomination might be.

It was said that the president has expressed himself as being at a loss to account for reports that relations between him and Colonel Theodore Roosevelt were seriously strained. He has not taken opportunity to reply directly to any utterances of Colonel Roosevelt that had been interpreted in some quarters as attacks on the policy of the administration, and it is said he does not wish his friends to go any further than he has.

REBUILDING RIO GRANDE.

NEW YORK, Jan. 5.—E. F. Bush, president of the Missouri Pacific railway, was elected president of the Denver & Rio Grande railroad.

STILL ON TRAIL OF
SAMUEL GOMPERS

INDIANAPOLIS Ind., Jan. 5.—Detective William J. Burns, before leaving for Philadelphia, openly charged former Mayor Charles A. Bookwalter of this city with not having prosecuted John J. McNamara two years ago on evidence in his possession, indicating that officials of the International Association of Bridge and Structural Iron Workers caused the dynamite explosions here.

Burns said the former mayor dropped the investigation and not long afterward he was invited to become a member of a printing firm doing much work for national labor union, in which Samuel Gompers, president of the American Federation of Labor, is reported to have been interested.

Bookwalter denies that Gompers at that time had been concerned in the printing firm or that he knew him intimately, but he said one of the partners in the firm was Leo M. Rappaport, counsel for the International Iron Workers, and another was Huo Thorsch, a long-time friend of Gompers.

Bookwalter admitted that two years ago he had told a score of national labor leaders he was convinced of the guilt of John J. McNamara of the Iron Workers' union, in connection with four explosions on the property of Albert Von Spreckelson in October, 1909.

"Why didn't Bookwalter pursue the investigation?" queried Burns, "either as mayor or as a private citizen, after he retired from office shortly afterward? If he knew, as he says he did, that John J. McNamara, of the Iron Workers was dynamiting property of non-union contractors it was his duty to prosecute or to tell the public what he knew. If he had done so scores of subsequent explosions might have been prevented."

The detective said he could not

FOUND MAN'S LEG
IN THE TRUCK OF
A FREIGHT CAR

DENVER, Jan. 5.—A man's right leg found tangled in the truck of a freight car received yesterday in the Burnham shops here for repairs, has started officials of the Denver & Rio Grande railway on a search over the entire system to find the body of the man who is supposed to have met death beneath the wheels of the car. Tracers have been sent out to ascertain the movements of the car within the last week.

FRANK WILDES ILL
IN SAN FRANCISCO

It is said that Receiver Frank Wildes of the State Bank & Trust company, who is the complainant in the bank case at Carson, is in a San Francisco hospital, and it does not look as if much headway would be made with the case this month, unless the receiver takes a decided turn for the better, and is able to return to this state in a short time.—Virginia Chronicle.

LOS ANGELES, Jan. 5.—Ad Wolgast is considered out of danger by the physicians.

BELIEVE THEY WILL ALL
COME OUT IN THE CLEAR

SAN FRANCISCO, Jan. 5.—"The McNamara brothers are members of the Catholic church and also members of organized labor. There is just as much reason in condemning the Catholic church because of the actions admitted by the McNamaras as there is in condemning organized labor by reason of these actions and that is no reason at all," asserted Anton Johannsen, the indicted labor leader, who in company with Olaf Tveitmoen returned to this city from Los Angeles.

Both Tveitmoen and Johannsen reiterated their previous repudiation of the McNamaras, and also expressed the positive belief that trial on the federal indictment will not result in conviction.

Tveitmoen and Johannsen were at the bedside of E. A. Clancy, also under indictment, for a short time yesterday. The former two declined to discuss the subject of their meeting further than to say it had to do with the defense they will make when brought to trial. Both denied emphatically that Clancy made a confession to the federal authorities.

Both Tveitmoen and Johannsen reiterated their previous repudiation of the McNamaras, and also expressed the positive belief that trial on the federal indictment will not result in conviction.

FOUR PERSONS
FREEZE TO DEATH
OVER IN KANSAS

SUFFERINGS ON THE PLAINS
ENDED BY SLOW EXTINCTION
OF LIFE.

GREAT BEND, Kan., Jan. 5.—Four persons were frozen to death in a recent blizzard in Western Kansas, according to Joe Leighty, a telegraph lineman, who arrived here yesterday from Ness City, where three deaths occurred. The fourth victim was a cattleman who was frozen to death while herding cattle south of that town.

SHERIDAN, Wyo., Jan. 5.—Twenty-nine degrees below zero, the coldest weather in five years, is the record here early this morning.

KANSAS CITY, Jan. 5.—The longest period of cold and deep snow known in many years has caused great loss in livestock, frozen or starved on ranges in Western Kansas. Cold weather continuing.

CONSIDERATION
OF BRIBERY CASES
TO SOON BEGIN

LOS ANGELES, Jan. 5.—The definite statement was made yesterday in official circles that the county grand jury had begun an inquiry into the alleged attempts to bribe jurors in the McNamara case. Clarence S. Darrow, formerly chief counsel for the McNamara brothers, said, however, that he had not yet been subpoenaed before the grand jury in connection with the charges that followed the arrest of Bert Franklin, a detective for the defense, a few days prior to the confessions of the brothers. Job Harriman, another of the defense attorneys, also said he had not been summoned.

Darrow called yesterday upon Mr. Harriman, who with Leecombe Davis, has been retained to defend Olaf Tveitmoen, Anton Johannsen, E. A. Clancy and J. E. Munsey, the labor leaders indicted last Saturday by the federal grand jury in connection with the alleged dynamiting conspiracy.

The five former employees of the McNamara defense, who were subpoenaed yesterday to appear before the grand jury met him there before they went.

BRUSH NOW PRESIDENT
OF THE MISSOURI PACIFIC

NEW YORK, Jan. 5.—B. F. Brush, president of the Missouri Pacific, was yesterday elected president of the Denver & Rio Grande and a member of the latter company's directorate. George J. Gould resigned as chairman of the board and E. T. Jeffery, former president of the company, was elected to succeed him.

According to a statement made by Mr. Gould after the meeting, Mr. Jeffery, although resigning the active management of the Denver & Rio Grande, will continue in charge

of its financial affairs. Mr. Gould asserts that the change has been considered by Mr. Jeffery and himself but was postponed from time to time to afford Mr. Brush an opportunity to take care of the Missouri Pacific affairs.
